SUMMARY

Over 3 years of commercial experience in building complex applications with a specialization in React. Demonstrated expertise in modularization, dynamic forms, and application architecture. Skilled in integrating modern API services. Known for collaborating effectively within teams to deliver high-quality software solutions. Passionate about staying current with the latest web technologies and best practices. Seeking challenging projects to leverage my expertise in creating intuitive user experiences and scalable web solutions.

SKILLS

- **Languages & Frameworks**: JavaScript, TypeScript, React, Redux, Next.js, Node.js (Express, Apollo)
- **APIs & Databases**: REST API, GraphQL, Prisma, MongoDB
- **Other Technologies**: Golang, Python, Git
